Dear Dr Wolff,

Thank you for your letter and enclosure dated 26 May to Chris Huhne, about nuclear subsidy. Your letter has been passed to the Department of Energy and Climate Change Correspondence Unit and I have been asked to reply.

You raise some important issues on the question of subsidy for nuclear. As you point out, the Coalition Agreement is clear that there will be no public subsidy for new nuclear power. There are clear policies in place to address the concerns in this area, but it will be important to continue to consider this carefully going forwards.

Yours sincerely,

A handwritten signature in black ink, appearing to read "D. M. L." with a long horizontal stroke extending to the right.
